ENGINEER'S REPORT AFFIDAVIT

City of Riverbank
Stanislaus County, State of California

River Cove Landscaping and Lighting District

This Report describes the District including the improvements, budgets, parcels and assessments to be levied for Fiscal Year 2015/2016, as they existed at the time of the passage of the Resolution of Intention. Reference is hereby made to the Stanislaus County Assessor's maps for a detailed description of the lines and dimensions of parcels within the District.

The undersigned respectfully submits the enclosed Report as directed by the City Council.

Dated this 27 day of May, 2015.

PART I – OVERVIEW

A. INTRODUCTION

The City of Riverbank (“City”) annually levies and collects special assessments in order to maintain the improvements within the River Cove Landscaping and Lighting District (“District”). The District was formed in 1993 and is annually levied pursuant to the *Landscape and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code* (“1972 Act”). The District included all parcels within the residential development known as the River Cove subdivision and was previously referred to as the Riverbank Landscaping and Lighting District No. 1. The overall District improvements to be maintained at build out and a maximum assessment for those improvements were approved by the property owners of record when the District was formed.

This Engineer’s Annual Levy Report (“Report”) has been prepared in accordance with the provisions of *Chapter 3, Section 22622* of the 1972 Act. This Report describes the District, the improvements therein, any annexations or other modifications to the District including any substantial changes to the improvements, the method of apportionment, the boundaries of the District, and financial information including the district budgets and proposed annual assessments for Fiscal Year 2015/2016. The proposed assessments are based on the historic and estimated costs to maintain the improvements that provide a direct and special benefit to properties within the District. The costs of improvements and the annual levy including all expenditures, deficits, surpluses, revenues, and reserves are assessed to each parcel within the District proportionate to the parcel’s special benefits.

For the purposes of this Report, the word “parcel” refers to an individual property assigned its own Assessment Number by the County of Stanislaus Assessor’s Office. The County of Stanislaus Auditor/Controller uses Assessment Numbers and specific fund numbers to identify properties assessed for special district benefit assessments on the tax roll.

Pursuant to *Chapter 3*, beginning with *Section 22620* of the 1972 Act the City Council shall conduct a noticed annual public hearing to consider all public comments and written protests regarding the District. Following the annual public hearing and review of the Report, the City Council may order amendments to the Report or confirm the Report as submitted. Following final approval of the Report and confirmation of the assessments contained therein, the City Council will, by resolution, order the improvements to be made and confirm the levy and collection of assessments pursuant to *Chapter 4, Article 1*, and beginning with *Section 22640* of the 1972 Act. The assessment rate and method of apportionment described in this Report, as approved or modified by the City Council, defines the assessments to be applied to each parcel within the District for Fiscal Year 2015/2016.

The assessments as approved will be submitted to the County Auditor/Controller to be included on the property tax roll for each parcel within the District. If any parcel submitted

for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate contained in this Report as approved by the City Council.

B. APPLICABLE LEGISLATION

The District has been formed and is annually levied pursuant to the 1972 Act, beginning with *Section 22500*. The assessments and methods of apportionment described in this Report utilize commonly accepted assessment engineering practices and have been calculated and proportionately spread to each parcel based on the special benefits received.

Compliance with the California Constitution

All assessments described in this Report and approved by the City Council are prepared in accordance with the 1972 Act and are in compliance with the provisions of the *California Constitution Article XIID* ("Article XIID"), which was enacted with the passage of Proposition 218 in November 1996.

Pursuant to the *Article XIID Section 5*, certain existing assessments are exempt from the substantive and procedural requirements of *Article XIID Section 4* and property owner balloting for the assessments is not required until such time that the assessments are increased. Specifically, the City determined that all improvements and the annual assessments originally established for the District were part of the conditions of property development and approved by the original property owner (developer at the time of the District formation in 1993). As such, pursuant to *Article XIID Section 5(b)*, all the property owners approved the existing District assessments at the time the assessments were created (originally imposed pursuant to a 100% landowner petition). Therefore, the pre-existing assessment amount (the maximum assessment rate identified in this Report) is exempt from the procedural requirements of *Article XIID Section 4*.

The current maximum assessment rate of \$196.90 per Equivalent Dwelling Unit was originally approved by the property owners (developer) and any assessment amount less than that amount is considered an exempt assessment pursuant to *Article XIID Section 5(b)*. The proposed assessment for any fiscal year may be increased over the previous fiscal year provided the assessment rate does not exceed the maximum assessment rate of \$196.90 adopted and levied in fiscal year 1993/94. Pursuant to the provisions of *Article XIID*, all new or increased assessments (the incremental increase) are subject to both the substantive and procedural requirements of *Article XIID Section 4*, including a property owner protest proceeding (property owner assessment balloting).

Provisions of the 1972 Act (Improvements and Services)

As generally defined, the improvements and the associated assessments for any District formed pursuant to the 1972 Act may include one or any combination of the following:

1. The installation or planting of landscaping.
2. The installation or construction of statuary, fountains, and other ornamental structures and facilities.
3. The installation or construction of public lighting facilities, including, but not limited to streetlights and traffic signals.
4. The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof; including but not limited to, grading, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
5. The installation of park or recreational improvements including, but not limited to the following:
 - a. Land preparation, such as grading, leveling, cutting and filling, sod, landscaping, irrigation systems, sidewalks, and drainage.
 - b. Lights, playground equipment, play courts and public restrooms.
6. The maintenance or servicing, or both, of any of the foregoing including the furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including, but not limited to:
 - a. Repair, removal, or replacement of all or any part of any improvements;
 - b. Grading, clearing, removal of debris, the installation, repair or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities;
 - c. Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury;
 - d. The removal of trimmings, rubbish, debris, and other solid waste;
 - e. The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti;
 - f. Electric current or energy, gas, or other agent for the lighting or operation of any other improvements; and,
 - g. Water for the irrigation of any landscaping, the operation of any fountains, or the maintenance of any other improvements.
7. The acquisition of land for park, recreational or open-space purposes, or the acquisition of any existing improvement otherwise authorized by the 1972 Act.

8. Incidental expenses associated with the improvements including, but not limited to:
 - a. The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
 - b. The costs of printing, advertising, and the publishing, posting and mailing of notices;
 - c. Compensation payable to the County for collection of assessments;
 - d. Compensation of any engineer or attorney employed to render services;
 - e. Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements; and,
 - f. Costs associated with any elections held for the approval of a new or increased assessment.

PART II — PLANS AND SPECIFICATIONS

The District provides for the continued maintenance and operation of landscaping and street lighting improvements and related services and improvements within the public right-of-ways for the benefit of parcels and properties within the development known as River Cove within the City.

The District is comprised of a residential development built in several phases and consisting of two hundred forty-one (241) single-family residential parcels. The District was formed to ensure the ongoing maintenance of specific local landscaping and lighting improvements associated with this residential development and installed as a condition of developing all properties within the various subdivisions. The annual cost and expenses of providing the improvements are equitably spread among only the benefiting parcels within the District.

A. CHANGES OR MODIFICATIONS TO THE DISTRICT

Modifications to the District structure could include but are not limited to:

- Substantial changes or expansion of the improvements provided;
- Substantial changes in the service provided;
- Modifications or restructuring of the District or Zones including annexation or detachment of Zones or specific parcels;
- Revisions in the method of apportionment;
- Proposed new or increased assessments.

Some changes or modifications to the District would require the approval of the property owners within the District. No other changes or modifications to the District are proposed for Fiscal Year 2015/2016.

B. IMPROVEMENTS AUTHORIZED UNDER THE 1972 ACT

As applicable or may be applicable to this proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.

- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

C. DESCRIPTION OF IMPROVEMENTS AND IMPROVEMENTS

The location, boundaries and specific improvements provided within the District are described in this section. The determination and calculation of special benefit is discussed in the Method of Apportionment and the corresponding expenses, revenues and assessments are summarized in the annual budget.

The District is located generally west of Burneyville Road, south of the Stanislaus River and north of State Highway 108 at Prestwick Drive. The District includes two hundred forty-one (241) residential parcels within the subdivision known as River Cove, identified on the Stanislaus County Assessor’s Parcel Maps as:

Subdivision	Parcel Map Book	Parcel Map Page	Residential Lots	Total Parcels
River Cove Unit No. 2	75	48	0	3
River Cove Unit No. 2	75	47	67	68
River Cove Unit No. 3	75	50	78	78
River Cove Unit No. 4	75	52	44	45
River Cove Unit No. 5	75	54	1	2
River Cove Unit No. 6	75	55	21	21
River Cove Unit No. 7	75	56	30	31
Totals			241	248

The improvements providing benefit to parcels within the District include specific street lighting facilities and landscaped areas originally installed as part of this residential development. The improvements maintained and serviced include fifty-two (52) streetlights and approximately 12.22 acres of parkway, open space, greenbelt and park landscaping and any appurtenant facilities, services or improvements directly associated with these improvements including incidental expenses.

The fifty-two (52) streetlights are located throughout the District and the improvements may include electrical costs, maintenance, repair and replacement of the poles, lights, wires or other equipment associated with the street lights.

The landscape improvements may include street trees, turf, ground cover, shrubs, irrigation and drainage systems, playground equipment, trails and paths, entry monuments, and block walls or other fencing. The landscaped areas are within the public right-of-ways and landscaped easements and are identified as:

- **Parcel 075-047-069:** 1.43 acres of greenbelt area between River Cove Drive and the Stanislaus River; Identified as Lot C of River Cove Unit No. 2
- **Parcel Number Not Assigned:** 0.02 acres of parkway and entryway landscaping located on the north side of Briarcliff Drive and the west side of Prestwick Drive; within River Cove Unit No. 2
- **Parcel Number Not Assigned:** 0.02 acres of parkway and entryway landscaping located on the north side of Briarcliff Drive and the east side of Prestwick Drive; within River Cove Unit No. 2
- **Parcel Number Not Assigned:** 0.05 acres of parkway and entryway landscaping located on the north side of State Highway 108 and the east side of Prestwick Drive; within River Cove Unit No. 2
- **Parcel Number Not Assigned:** 0.05 acres of parkway and entryway landscaping located on the north side of State Highway 108 and the west side of Prestwick Drive; within River Cove Unit No. 2
- **Parcel 075-048-001:** 5.53 acres of park and parkway landscaped areas located south of Briarcliff Drive and east of Dunbar Lane; Identified as Lot D of River Cove Unit No. 2
- **Parcel 075-048-002:** 0.50 acres of parkway and open space landscaping south of River Cove Drive and west of Burneyville Road; Identified as Lot A of River Cove Unit No. 2
- **Parcel 075-048-003:** 0.50 acres of parkway and open space landscaping north of River Cove Drive and west of Burneyville Road; Identified as Lot B of River Cove Unit No. 2
- **Parcel 075-050-079:** 1.31 acres of greenbelt area between River Cove Drive and the Stanislaus River; Identified as Lot A of River Cove Unit No. 3
- **Parcel 075-052-045:** 0.79 acres of greenbelt area between River Cove Drive and the Stanislaus River; Identified as Lot A of River Cove Unit No. 4
- **Parcel 075-054-002:** 2.02 acres of greenbelt area between River Cove Drive and the Stanislaus River; Identified as Lot A of River Cove Unit No. 5

All improvements within the District are maintained and serviced on a regular basis. City staff will determine the frequency and specific maintenance operations required. The District assessments may fund all necessary utilities, operations, services, administration and maintenance costs associated with the improvements. The annual cost of providing the improvements within the District is spread among all benefiting parcels in proportion to the benefits received. The expenditures and assessments set forth in this Report are based upon the City's estimate of the costs associated with the improvements including all labor, personnel, equipment, materials and administrative expenses.

The park area within the District is clearly a special benefit to the properties and property owners within the District. Because of the Park's size and location it provides no benefit to parcels outside the District or to the public at large and therefore the entire cost of

maintaining this park could be assessed to parcels within the District. However, the City currently funds the maintenance of all parks within the City of Riverbank from the General Fund. Therefore, the District budget includes a General Fund Contribution to offset the costs associated with maintaining the Park area.

PART III — METHOD OF APPORTIONMENT

A. GENERAL

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements, which include the construction, maintenance, and servicing of public lights, landscaping, parks, open space areas and appurtenant facilities. The 1972 Act requires that the cost of these improvements be levied according to benefit rather than assessed value:

“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”

The formula used for calculating all assessments for this District reflects the composition of the parcels, and the improvements and services provided, to fairly apportion the costs based on benefit to each parcel.

In addition, pursuant to *Article XIID Section 4*, a parcel’s assessment may not exceed the reasonable cost of the proportional special benefit conferred on that parcel and provides that only special benefits are assessable and the District must separate the general benefits from the special benefits. The general benefit portion of the improvement costs have been estimated by the City and are shown as a General Benefit Contribution in the District Budget section of this Report.

B. BENEFIT ANALYSIS

Each of the improvements and their associated costs has been carefully reviewed by the City and the corresponding assessments have been proportionately spread to each parcel based on special benefits received from the improvements. The installation of the improvements and approval of an annual assessment were part of the conditions of property development and approved by the original property owner (developer). As such, pursuant to *Article XIID Section 5b*, all the property owners approved the maximum assessment amount identified in this Report at the time the assessment was created (originally imposed pursuant to a 100% landowner petition). Therefore the existing maximum assessment amount of \$196.90 is not subject to the procedural requirements of *Article XIID Section 4* (property owner ballot proceedings). Although the current assessment does not require additional property owner approval (unless increased), the improvements within the District clearly provide a special benefit to the parcels assessed and therefore, the existing assessments are in compliance with the substantive requirements of *Article XIID Section 4*.

Special Benefits — The method of apportionment (assessment methodology) is based on the premise that each of the assessed parcels within the District receives benefit from the improvements maintained and financed by annual assessments. Specifically, the assessments are for the maintenance of local street lighting and landscaped improvements installed as part of the original improvement. The desirability and security of properties within the District are enhanced by the presence of street lighting and well-maintained landscaping in close proximity to those properties.

The special benefits associated with the local landscaping improvements are specifically:

- Enhanced desirability of properties through association with the improvements;
- Improved aesthetic appeal of properties within the Zones providing a positive representation of the area;
- Enhanced adaptation of the urban environment within the natural environment from adequate green space and landscaping;
- Environmental enhancement through improved erosion resistance, and dust and debris control;
- Increased sense of pride in ownership of property within the District resulting from well-maintained improvements associated with the properties;
- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the District through well-maintained surroundings and amenities including abatement of graffiti;
- Enhanced environmental quality of the parcels within the Zones by moderating temperatures, providing oxygenation and attenuating noise.

The special benefits of street lighting are the convenience, safety, and security of property, improvements, and goods. Specifically:

- Enhanced deterrence of crime and the aid to police protection;
- Increased nighttime safety on roads and highways;
- Improved ability of pedestrians and motorists to see;
- Improved ingress and egress to property;
- Reduced vandalism and other criminal acts and damage to improvements or property;
- Improved traffic circulation and reduced nighttime accidents and personal property loss;

- Increased promotion of business during nighttime hours in the case of commercial properties;

All of the preceding special benefits contribute to a specific enhancement and desirability of each of the assessed parcels within the District.

C. ASSESSMENT METHODOLOGY

Equivalent Dwelling Units: To assess benefits equitably, it is necessary to correlate the different type of parcels within the District to each other as well as their relationship to the improvements. The Equivalent Dwelling Unit method of apportioning benefit is typically seen as the most appropriate and equitable assessment methodology for districts formed under the 1972 Act, as the benefit to each parcel from the improvements are typically apportioned as a function of land use type, size and development.

The Equivalent Dwelling Unit method of assessment apportionment uses the single-family home site as the basic unit of assessment. A single-family home site equals one Equivalent Dwelling Unit (“EDU”). Every other land use is typically converted to EDU based on an assessment formula that equates the property’s specific development status, type of development (land use), and size of the property, as compared to a single-family home site. Although the EDU method of apportionment is an appropriate method of calculating each parcel’s benefit, it should be noted that all properties within this District are identified as single-family home sites and therefore benefit equally with each parcel assigned 1.0 EDU.

The following formulas are used to calculate the annual assessments. The Balance to Levy represents the total amount to be collected through the annual assessments. The Levy per EDU (Assessment Rate) is the result of dividing the total Balance to Levy by the total District EDU. This Assessment Rate multiplied by each parcel’s individual EDU determines each parcel’s levy amount.

Total Balance to Levy / Total EDU = Levy per EDU (also called Assessment Rate)

Assessment Rate x Parcel’s EDU = Parcel’s Levy Amount

Or more simply stated, since all District parcels are 1 EDU:

Total Balance to Levy / Total Assessable Parcels in Zone = Parcel Levy Amount

PART IV — 2015/2016 DISTRICT BUDGET

River Cove Landscaping and Lighting District	Total District
DIRECT COSTS	
Landscape Maintenance	\$31,800
Utilities	3,500
Repairs/Abatement	5,000
Street Lighting	1,000
Miscellaneous/Materials/Equipment	0
Direct Costs (Subtotal)	\$41,300
ADMINISTRATION COSTS

Total Parcels Levied	241
Total Equivalent Dwelling Units (EDU)	241.00
Assessment Rate (Levy Per EDU)	\$196.90
Maximum Assessment Rate Approved	\$196.90
FUND BALANCE INFORMATION	
Beginning Reserve Fund Balance (Estimated)	\$14,367
Collections/(Transfers)	0
Ending Reserve Fund Balance (Projected)	\$14,367.00
Beginning Capital Improvement Fund	\$0
Collections/(Transfers)	0
Capital Improvement Expenditures	0
Ending Capital Improvement Fund	\$0

PART V — DISTRICT DIAGRAMS

The original assessment diagrams and tract maps for the District were previously approved and submitted to the City in the format required by the 1972 Act. These diagrams are on file in the Office of the City Clerk and by reference are made part of this Report.

The boundaries for the District are contiguous with the boundaries of the River Cove subdivision and defined as the corresponding parcels identified on the Stanislaus County Assessor's Map. The parcel identification, lines, and dimensions of each parcel within the District are those lines and dimensions shown on the Stanislaus County Assessor's Map for the year in which this Report was prepared and by reference are incorporated and made part of this Report.

The following pages are reproductions of the County Assessor's Parcel Map associated with the District.

PART VI — 2015/2016 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Stanislaus County Assessor's map for the year in which this Report is prepared.

A listing of parcels assessed within this District, along with the assessment amounts, is included on the following pages. If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

Non-assessable lots or parcels include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and right-of-ways including public greenbelts and parkways; utility right-of-ways; common areas; landlocked parcels, small parcels vacated by the County, bifurcated lots, and any other property that cannot be developed or has specific development restrictions. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempted from assessment.
