

BLUE BAG RECYCLING PROGRAM

The Blue Bag Recycling Program is a simple recycling program available to the City of Riverbank.

Customers may place the following recyclables in a blue plastic bag:

- Aluminum Cans
- Bi-metal Food and Beverage Cans
- Glass Bottles
- Plastic Containers

These may be items that have redemption value.

Of course, these items may be redeemable for cash at Recycling Centers, but if you want the convenience of curbside recycling, here's what to do:

1. Purchase blue plastic bags.
2. Put recyclables in the blue bags.
3. Tie off a blue bag when it is full and place the blue bags in the black disposal can.

Do Not place anything other than recyclables in the blue bags. The blue bags are separated from the garbage by Gilton Solid Waste Management and recycled.

That's it! Gilton takes care of the rest.

Thank You For Recycling!
We wish to thank you for doing your part to protect our
environment.

If you would like to find a redemption center near you please go to:
<https://www2.calrecycle.ca.gov/BevContainer/RecyclingCenters/>

Reminder: All paper products such as newspaper, magazines, catalogs, white paper, paper bags and cardboard go into the gray/green can.
