

INFORMATION FOR FILING A COMPLETE APPLICATION FOR A REZONE APPLICATION

Rezone Application

If you are applying for a rezone to a zone designation other than a Planned Development, each application must contain the following information, unless specifically waived by the Development Services Director. Incomplete applications will not be processed or considered by the Planning Commission or City Council. The information described below is required for nearly all rezone applications. Some specialized applications may require additional information. Please consult with the staff of the Riverbank Planning Department as to whether additional information is required.

INITIAL SUBMITTAL

Prior to the City of Riverbank accepting a complete application, the Development Services Department will provide a precursory review of your proposed project. The following items need to be submitted for this review.

- **Completed standard application and environmental information form**
- **5-sets proposed new zone**
- **5-sets of 11"x17" plans**
- **5-sets elevations/floor plans, if applicable**
- **5-sets lot layout, if applicable**
- **Findings to support Rezone**
- **Electronic format of exhibits on PDF**

To minimize delay and duplication, the Development Services Department encourages applicants to **apply for all the discretionary permits and approvals** needed for the review of their project(s) **at the same time**. The concurrent review of these applications will also facilitate the environmental review process. Where the same information is required for more than one (1) permit or approval, **it is not necessary to duplicate the information submitted**. If you have any questions about the information required for an application or the number of copies that must be submitted with the application, please call the Riverbank Planning Department at (209) 863-7128 for assistance.

Once the precursory review has been completed, the following requirements are to be followed:

1	Completed Application Form, including: Signature of all property owners Environmental Questionnaire Form Indemnification Form Hazardous Waste Form
2	Payment of all application fees. Applicants are responsible for all fees and costs (cost of postage for Public Hearings, engineer initial review, consultants, etc.) of processing an application with the City of Riverbank. Where a deposit is required, an applicant is responsible for maintaining a positive balance with the City. A negative balance will cause an application to become incomplete, and work on the application may be halted until sufficient funds are deposited with the City of Riverbank.
3	Subdivision Map if seeking concurrent approval of a subdivision map.
